Monthly Report (#2 September 2021)

Your time is limited, so don't waste it living someone else's life. (Steve Jobs)

●Activity Report (September)

《COVID-19 vaccine group inoculation》

Co-sponsored by the medical corporation Soushikai (Munakata Yasuhiko Clinic) and the Rotary Club of Sendai Ohu. We carried out group inoculation of the COVID-19 vaccine to residents of the Sendai-Ayashi area on August 26, September 3, 16, 19, 24, and 30.

《Information sharing on Haiti earthquake, wildfire in Southern France, refugees in Afghanistan》

We have sent a condolence email to the local Rotary clubs about the Haiti earthquake, the Southern France fire, and the Afghan refugees, which are considered global issues. From Haiti, we received videos and photos from a local friend of Mr. Irokawa and shared them among club members. We will consider what kind of support the club can provide, if required in the future.

《Signing of the Global Climate Pledge》

At the recommendation of the Rotary Club of Newport Beach, California, we have decided to participate in the Global Climate Pledge Program, which aims to protect the global natural environment, and have been approved by the program. We have launched the Green Team to promote the activities.

《Friendship agreement》

We are preparing to conclude a friendship agreement with Rotary clubs in Rwanda, Bangladesh, Turkey, Nigeria, Nepal and the Philippines. The Rotary Foundation Committee of our club will take the lead in the discussion.

“Promotion of domestic lacquer”

● Discussion themes at club forum

《Outlook for education-related activities》

- seeking an opportunity to provide the story of "money and economy" to primary education
- planning a US-Japan exchange activity related to food culture for young people
- raising public understanding of space and interest in space development with the cooperation of Tohoku University's laboratory and Nishikigaoka Observatory, which are at the forefront of astronomy
- raising environmental issues such as microplastic pollution and the greenhouse effect as part of our Global Climate Pledge activities

《Contribution to the domestic lacquer industry》

We discussed whether it is possible to contribute to the domestic lacquer industry from the perspectives of protecting the natural environment, maintaining traditional Japanese culture, and fostering industry. We will continue to discuss whether it can be established as a service of our club.
