Monthly Report (#9 April 2022)

Your time is limited, so don't waste it living someone else's life. (Steve Jobs)

●Report: April 2022

1) Board of Directors

[Notice from President Munakata]

The Green Team of the medical corporation Soushikai (President Munakata and Mr. Hori belong) will plant Urushi trees on the premises of the medical corporation Soushikai. It will be held at 13:00 on May 9th (Monday), so please come and join us if you would like to visit or participate.

2) Club Assembly

<URUSHI PROJECT>

Guest: Mr. Takuo Matsuzawa (President and CEO of Joboji Urushi Sangyo Co., Ltd.)

*Planting: Early spring or just before it snows.

*Saplings: Sold by the company. It costs 900 yen for 30 to 50 centimeters, and over 1000 yen for large ones.

*Appropriate location: gentle mountain slopes (no fear of human wear). Originally, village trees, abandoned cultivated land and ruins of fields are more suitable. A sunny and well-drained place is suitable. Whether it is easy to cut a tree and carry it out should not be a steep slope. The roots grow sideways. The soil should be 50 to 70 cm deep. It is necessary to mow the grass about twice a year. No special debranching is required.

*Cold is not a problem, but warmer ones grow faster.

*Planted at intervals of 3 meters on the premise of scraping lacquer.

*If you take it mechanically, you can plant it 1.5 to 2 meters apart.

*No pollen problem. The flowers bloom for about a week in June. Be careful about rashes.

*Children are also participating in tree planting. In some cases, it is done at school events. Work gloves are fine.

*Grow for 10 to 15 years and scrape lacquer. Lacquer craftsmen scrape 300-400 trees a year.

*200-300 trees per hectare. If you take it mechanically, 500 pieces. Budget, area, manpower.

*Imozawa and Kamiyashi's forests are hit as candidate sites. Consider about 300 tsubo.

3) Club Forum

#April 12. The 38th. Regular Meeting

Facilitator: Dr. Daisuke Kurosawa

Table Speech of Dr. Daisuke Kurosawa

“Importance of sacroiliac joints in the human body and their disorders”
